NOTICE OF VACANCY - Promotional Maintenance Mechanic II

Date of Issue: 01/13/2022. The work involves responsibility for the repair and maintenance of buildings, grounds and equipment, and other structures. The work performed is of a general mechanical nature, which may include but is not limited to carpentry, plumbing, painting, welding, masonry, or electrical maintenance and HVAC systems maintenance. Although employees of this class, because of individual training or experience, generally devote a greater part of their time to a particular specialized field, they are required to work in various mechanical fields as the occasion demands. Employees in this class work under general supervision allowing for the exercise of independent judgment in carrying out the details of the work. Designation of the incumbent's supervisor may vary depending upon the location of the position. Direct supervision may be exercised over the work of Maintenance Mechanics and other subordinate employees. Does related work as required.

Performance of duties of two of the following trades on a regular basis with moderate supervision. Provides occasional assistance in the other trades while working under the direct supervision of a higher level maintenance mechanic: carpentry, electrical, masonry, plumbing, welding, bridge repair or HVAC.

The title of Maintenance Mechanic II is **Non-competitive**, requiring applicants to meet minimum qualifications established for the position.
